

Registration or Renewal of Contractor's Registration

Per Ordinance 19-19, as of January 1st, 2020, all contractors performing work in the city are required to be registered for licensure with the City of Sharon. This includes all work performed on commercial properties, any work produced through the public bidding process, some residential alterations, and all other types of work not considered "home improvement" by the Commonwealth of Pennsylvania (see Act 132 Home Improvement Consumer Protection Act, adopted on October 17th, 2008). Upon submission of ***all*** of the required items to the City Manager's office, a contractor's license for the City of Sharon shall be issued, which is valid for the entirety or duration of the calendar year. These items must be re-submitted annually after December 15th to become re-certified each new calendar year, which begins January 1st. If you are working in the City of Sharon without the appropriate license, fines up to \$1,000 per day will apply. If you receive a notice from The City of Sharon indicating that you are performing work without the appropriate license, you have thirty (30) calendar days from the date of the letter to submit the required documents and obtain your license. Failure to comply within that time frame shall result in a doubling of the permit fee for that calendar year, as well as the applicable per day fines listed above.

In order to obtain such license, you must provide:

- 1. The annual **license fee** of one hundred fifty dollars (\$150.00) per **calendar year**.
- 2. Registration or renewal **application** completed and signed by the contractor or an authorized representative of their company (attached).
- 3. **License and permit bond** in the amount of \$10,000, with the City of Sharon named as the obligee, and containing both an authorized signature and a provision that the policy will not be canceled without fifteen (15) days' notice to the City of Sharon.
- 4. Certificate of Liability Insurance as a verification of coverage
- 5. The attached Worker's Compensation form. Please complete section A if you carry worker's compensation liability insurance. If you do not carry worker's compensation insurance, complete section B and have this form notarized. Effective August 31st, 1993, PA Act 44 requires all contractors applying for a license or permits to provide proof of worker's compensation insurance or an affidavit stated they are exempt and not required to carry such insurance.
